

“WE SERVE BECAUSE WE CARE.”

VOLUNTEERS IN MOTION WANTS YOU!

Everyday in Brevard County there are frail and elderly residents who need your help. These seniors live at home, on limited incomes. A few hours of volunteer support, once or twice a week, can make a major difference in the lives of these special people. Whether it's driving a state-of-the-art van or answering a phone, our volunteers serve because they care. For information about how you can get involved, please contact Lori Hamilton, the Volunteers In Motion (VIM) coordinator at 635-7999 or log on to RideSCAT.com and complete a volunteer application.

In 1997, the Governor of Florida honored VIM with the Volunteer Transportation Program of the Year Award. Our awesome volunteers enable the program to grow and continue to be an incredible success story!

VOLUNTEER SPOTLIGHT ON: Mike Hopkins

Why I volunteer: As long as I am healthy and financially able, I need to help those who are less fortunate.

What has been your most rewarding experience? Having people tell me how much they love to ride with me.

What inspired you to sign up with the VIM program? I needed to get away from my wife.

Tell us about you! Actually, I have a great wife; we've been together 37 years. I have one son in Mount Dora, he has 2 kids and I get to see them frequently. My other son is a sheriff. He lives within a few miles of me and his two kids are my fishing buddies. I was in the Marine Corp and went on to work for Delta and Pan Am. I was a pilot for 37 years and I had all great landings!

What is your favorite pastime? Working out, fishing with my grandkids and going to Hooters.

If you had one wish, what would it be? To win the lottery!
