How to Use the Route Maps and Schedules

The route maps and schedules are color coordinated. The numbered stops on the map match the numbered locations listed on the schedule. To determine what time a bus will stop at a specific location, read across. To determine how long it will take you to get from one location to another, read down. Transfer points indicate designated stops at which you may transfer to other routes. When transferring, check the schedule of the route you are transferring to for exact times and return trip availability.

How to Ride

- The safety of our passengers is our #1 priority.
- Please limit packages to those you can personally carry on the bus by yourself.
- Be at the stop at least 5 minutes prior to the scheduled arrival time.
- Do not approach a moving bus.
- Have exact fare or pass ready prior to boarding the bus. Drivers cannot make change.
- Leave seats near the front for elderly or disabled riders, moving promptly to the next available seat.
- Only use audio devices with head phones activated.
- Eating, drinking, smoking, electronic cigarettes, and any materials that are flammable are not allowed on buses.
- Service animals are the only animals allowed.
- If available, use the stop bar or pull cord to signal your stop one block in advance. If one is not available, alert your driver at least one block in advance.
- Do not leave your seat until the bus is fully stopped.
- All buses are equipped with bike racks. Surfboards are permitted inside the bus when space is available.
- Proper attire is needed to board. Shirts and shoes are required. Bathing suits, except board shorts, must be covered.

All scheduled times are approximate and depend on traffic and other conditions.
