New Space Coast Area Transit Route Services Heritage-West Melbourne

Cocoa, FL – Beginning September 17th, 2018, the new Space Coast Area Transit Route 20 will service Heritage-West Melbourne. The bus will depart from the Melbourne Square Mall bus stop at 25 minutes after the hour, where it also connects with Routes 21B, 25B, and 28B on weekdays. Route 20 will operate from 6:25 AM to 8:20 PM, Monday through Friday, and from 8:20 AM to 5:20 PM, on Saturday.

Promise in Brevard, a new residential community, is a featured stop along the route. “Promise in Brevard is a place where young adults with special needs can live a life of opportunities and freedom never thought possible, stated Pat Rush, Residential Services Coordinator. “Offering our residents transportation opportunities through Space Coast Area Transit’s Route 20 helps make this dream a reality.” Other locations along the route include Field of Dreams, Hammock Landing, Heritage High School, Goodwill, the Greyhound Station on SR 192, and numerous other locations. Route 20 also utilizes the new St. John’s Heritage Parkway.

“We have had the opportunity to work closely with County Commissioner Isnardi and her constituents in planning the launch of Route 20. We have been receiving requests to provide transit service in this area for many years,” stated Scott Nelson, Director of Space Coast Area Transit. “The support of the County Commission and FDOT allows us to provide mobility options through Route 20 to non-profits, businesses, residents and high school students in this previously underserved Palm Bay-West Melbourne corridor.” For maps and schedules, call 321-633-1878 or log on to 321Transit.com. Connect with Space Coast Area Transit through social media @321Transit.
